Design Division

Designers and manufacturers of
lighting fixtures

Edward F. Caldwell & Co., Inc.
"established 1895"

Murray Hill 9-1790

for almost

60 years of lighting

With years of experience, both at home and abroad, dating back to 1895, The Edw. F. Caldwell Company is in an unqualified position to offer a complete line of traditional fixtures and fluorescent lighting—meticulously produced.

designed illumination

The Caldwell Company designs lighting fixtures to order or creates illumination devices according to architectural design and specifications. In addition, a large stock of traditional fixtures of exceptional beauty and efficiency is maintained.

fluorescent lighting

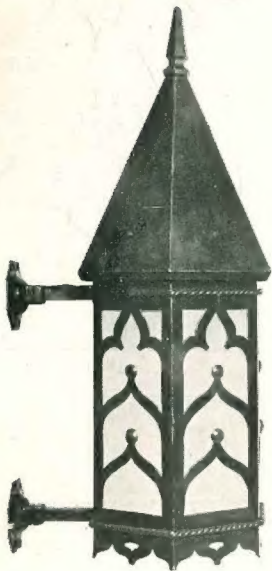

The Caldwell Company has introduced numerous innovations in the suspended and torchon types of tubular fixture. Caldwell design assures that fluores-

cent illumination becomes a part of the architect's intention.

Intensive study is made continuously to originate more efficient and decorative applications of fluorescent lighting, both the hot cathode and cold cathode types.

Caldwell design service

Caldwell designers and illuminating specialists are always available for consultation with architects and others concerned with planning illumination of all types. This service is complete—from determining wattage to creating the proper fixtures according to architectural and lighting requirements. Constant laboratory testing assures that Caldwell design provides utmost efficiency and satisfaction.
